My son has been attending Happy Bunnies for the last 2.5 years and he has had a brilliant time. When he started he was in the Baby room and was only just sitting and crawling. The staff supported him with learning to stand and walk, with his eating and in all aspect of his development. Communication is via an app which allows staff to map milestones and development against the early years framework which is great. We also get pictures so that we can see what our children are doing during the day which is lovely to receive when I'm at work. The staff take safety and safeguarding very seriously with even minor bumps and scrapes reported immediately via the app so parent are well informed. The building is a fantastic space with a fantastic grassy playground area which was one of the things that attracted us to Happy Bunnies. The staff take a real interest in the children's development and work with you to support them as they grow up. Staff are kind and friendly as well as professional and helpful.

Absolutely fantastic nursery with professional staff members.

My daughter has attended Happy Bunnies since she was 3 months old as I needed to return to work. Claire and the team made the transition extremely comfortable for us and I'm grateful for the level of flexibility of nursery days that we need due to shift patterns.

It's a friendly, welcoming nursery and I would 100% recommend it.

I cannot recommend this nursery enough. They are fabulous. My son has been here since 11 months old and is due to leave for school in September. They have great contact with between staff and families and I know my son is cared for excellently by all the staff. Best decision we ever made sending him to happy bunnies. They are fab

This Nursery is a great place for any child. Both my 12 year old daughter and 4 year old son attended this nursery. Both loved it. My son is autistic and non-verbal and he was welcomed with opening arms (some nurseries refused to help). He has just left to go to a special needs school and he has transitioned with no problems, with thanks to Happy Bunnies staff and management. I would recommend this Nursery to all. They are amazing and have been so supportive and understanding for a parent that needed guidance and help. I would 100% recommend this Nursery to all children 😊

My daughter has attended this nursery since she was 8 months old, her development has come on leaps and bounds since she started there. Staff are always happy to accommodate any needs I or she may have and always helpful if any days need rearranging. Good communication about her days there and she always has lots of fun :-)
